II. Summary of the PR Notice

This **Federal Register** document announces the availability of a Pesticide Registration (PR) Notice which updates EPA's policy concerning waivers of fees associated with filing objections to tolerance actions under the FFDCA. Specifically, EPA's tolerance fees regulations require that objections "shall be accompanied by a fee of

\$3,275." The regulations, however, also provide a procedure to request that EPA "waive or refund part or all of any fee imposed by this section" [§ 180.33(m)]. EPA does not construe these provisions as requiring objectors who believe they are entitled to a waiver of fees to file the specified fee with the objections and thereafter seek a refund. Rather, such a person may file a written request for a waiver of the objection fee with the objection. A fee of \$1,600 must accompany the waiver request unless the objector has no financial interest in the matter objected to. If EPA later determines that a fee waiver is inappropriate, that determination will not affect the timeliness of the filing of the objections; however, further action on the objections will not proceed until the fee has been paid. Failure to pay the fee following denial of a waiver would be grounds for denial of the objections.
